Friends Academy After-School Program Enrichment Offerings

Monday

Running Club - Come join Mrs. Furtado for an after-school - all about fun - Running Club! We will practice proper stretching and learn how to pace when running. Regardless of how long and far you can run, you will build your endurance by learning different running strategies and set personal goals to accomplish by the end of the six weeks. We will also incorporate teamwork by playing run-inspired games and relays. This Running Club is all about having fun, while being active!

Six-week session. Mondays, 3:30-4:30, Grades 3-4

Tuesday

Board Games- Feeling bored? Like playing games? Come hang out with Ms. Bingham to learn and play various board and card games! Learn how to have fun the old fashioned way! Each week we will explore a new game.

Eight-week session. Tuesday, 3:30-4:30, Grades 4-8

Babysitting Class -

Topics to be covered include:

- Basic First Aid
- Door and Telephone Protocol/Stranger Danger
- Bedtime, Mealtime, and Discipline
- Internet Safety
- Accident Prevention
- Contracts and Ethics

Certification included

One-week session. Tuesday, 3:30-5:30, Grades 5-8

Wednesday

Sailing - Do you want to learn to sail? Do you already know how, but want to get better? Do you want to get out on the water and have some fun? Sailing is a high school sport, college sport, and Olympic sport. It's fun, a great skill to have, and can be a lifelong pursuit. Join the instructors at the Community Boating Center for some instruction, some fun, and some sun. After registration through Friends Academy, you will need to fill out a liability waiver for the Community Boating Center online. When you register, the link will be forwarded to you. We will be developing a carpool to transport students to the CBC. Pick-up is at the CBC at 5:00pm.

Nine-week session. Wednesdays, 2:30-5:00, Grades 3-8

Thursday

Stamp / Printmaking

Come learn a new skill with Ms. Bingham, and have fun carving your own design into a linoleum stamp -- decorate notes, cards, and science tests with your own hand-made artwork! Linoleum printmaking is one of the easiest printmaking techniques, and can be as simple or complicated as your interest and skill allows.

Seven-week session. Thursdays, 3:30-4:30, Grades 5-8

Friday

Mad Science - World of Science

This hands-on after-school program explores a broad world of science. Children will learn about animals in general as well as the ecosystem of the sea. They will explore how technology has changed our world in many ways. This is a program of hands-on activities, stunning demonstrations, and inquiry based discussions. Activities will include: All About Animals, Life In The Sea, Mix It Up, Moving Motion, Radical Robots, and Super Power Sources.

Six-week session. Fridays, 3:30-4:30, Grades K-5
